HOUSE OF REPRESENTATIVES

1. SCRUB Act of 2016

	H.R. 1155 · January 7, 2016
Position	Bad for working people
Outcome	Passed YEAs 245 NAYs 174

This bill, Searching for and Cutting Regulations that are Unnecessarily Burdensome (SCRUB) Act of 2016 (H.R. 1155) would establish a new bureaucratic commission empowered to dismantle long-established, science-based public health and safety standards, and would make it significantly more difficult for Congress and federal agencies to implement essential future protections. The "regulatory review" commission's goal of seeking a 15% reduction in the cost of regulations would result in the repeal of critical health, safety and workplace safeguards, even when the benefits of these rules are significant, appreciated by the public and far outweigh the costs. The bill weakens inspection and enforcement mechanisms instead of strengthening oversight. The bill passed the House amended.

This amendment by Rep. Paul Gosar (R-Ariz.) to the Military Construction and Veterans Affairs and Related Agencies Appropriations Act, 2017 (H.R. 4974) would prohibit union recruitment and dues collection at Veteran's Affairs facilities and the posting of material related to labor organization membership in VA health care facilities. This amendment would have impaired labor unions' communication with bargaining unit employees working in VA hospitals and clinics, and would have directly interfered with the statutory and contractual rights of unions. The amendment failed.

4. Amendment to Prohibit Project Labor Agreements

	H.Amdt. 1076 to H.R. 4974 · May 19, 2016
Position	Bad for working people
Outcome	Failed YEAs 209 NAYs 216

This amendment by Rep. Scott Perry (R-Penn.) to the Military Construction and Veterans Affairs and Related Agencies Appropriations Act, 2017 (H.R. 4974) would have prohibited the use of Project Labor Agreements (PLAs) on projects funded through the bill. PLAs are a proven, effective tool used to ensure the timely, cost-effective completion of large and complex projects, providing a better value for government agencies and the taxpayers who fund these projects. They also provide contractors—union and nonunion, alike—access to a properly trained and highly skilled workforce. The amendment failed.
